for the following online supplements:

### **SEL Skill Trajectory, Grades 1–12**

*Utility:* This details SEL skill categories and subcategories and the specific observable behaviors that compose each across the developmental trajectory. This may promote consistency in ratings and help acclimate teachers to rating students in grades they have not previously worked with.

### **Developmentally Adapted SEL Likert Rating System: Progression by Grade Level**

*Utility:* This shows one way the development of specific, concrete behaviors related to SEL skills can be captured in a series of Likert ratings targeted at various developmental stages and grade ranges.
